Journal of Periodontology

PUBLISHED BY THE AMERICAN ACADEMY OF PERIODONTOLOGY

Subject Index to Volume 51, Numbers 1 thru 12

Actinomyces, Comparative Ultrastructure of Certain -- Species, *Arachnia*, *Bacterionema* and *Rothia*. (Lai, Listgarten) 136
Allografts, Evaluation of the Immunogenicity of Freeze-Dried Skin -- in Humans. (Gher, Williams, Vernino, Strong and Pelleu) 571
Alveolar Bone, The Effect of Strontium Chloride Upon --. (Ferraro and Glass) 345
Alveolar Bone Destruction due to Overhanging Amalgam in Periodontal Disease. (Jeffcoat and Howell) 599
Alveolar Bone Remodeling Following Osseous Surgery—A Clinical Study. (Moghaddas, Stahl) 376
Anatomy, A New Look at the Rests of Malassez—A Review of Their Embryological Origin, --, and Possible Role in Periodontal Health and Disease. (Spouge) 437
Anderson-Fabry, Granulomatous Gingivitis in -- Disease. (Young, Pihlstrom, Sauk) 95
Anesthesia, Full Dentition Periodontal Surgery Utilizing Intravenous Conscious-Sedation—A Report of 5200 Cases. (Ceravolo, Meyers, Baraff and Bennett) 462
Antibacterial, The Effect of Intensive --Therapy on the Sulcular Environment in Monkeys—Part 1. Changes in the Bacteriology of the Gingival Sulcus. (Kornman, Caffesse, Nasjleti) 34
Antibacterial Therapy, The Effect of Intensive -- on the Sulcular Environment in Monkeys—Part II: Inflammation, Mitotic Activity and Keratinization of the Sulcular Epithelium. (Caffesse, Kornman, Nasjleti) 155
Antibiotic, Tetracycline: A Clinical Study to Determine its Effectiveness as Long-Term Adjuvant. (Scopp, Froum, Sullivan, Kazandjian, Wank, Fine) 328
Antibodies, Salivary -- in Acute Gingivitis. (Harding, Berry, Marsh, Jolliff) 63
Antigens, Association Between ABO Blood Groups, HL-A -- and Periodontal Diseases in Young Adults: A Follow-up Study. (Kaslick, West and Chasens) 339
Association Between ABO Blood Groups, HL-A Antigens and Periodontal Diseases in Young Adults: A Follow-Up Study. (Kaslick, West and Chasens) 339
Autogenous, Inflammatory Effects of Periodontally Diseased Cementum Studied by -- Dental Root Implants in Humans. (Lopez, Belvederessi, de la Sotta) 582
Autogenous Marrow, The Effect of Particle Size on the Osteogenic Activity of Composite Grafts of Allogenic Freeze-Dried Bone and --. (Shapoff, Bowers, Levy, Mellonig, Yukna) 625
Avitene, The Use of a New Topical Hemostatic Agent. (Wirthlin, Vernino and Hancock) 225
Axial Inclination. Relationship of Occlusion and Periodontal Disease. Part XI. Relation of -- (Mesial-Distal) and Tooth Drift to Periodontal Status. (Geiger and Wasserman) 283
Bacteremia, Dental Flossing and its Relationship to Transient --. (Carroll and Sebor) 691
Bacteriology, Cell-Mediated Immune Response to Fractionated Products of *Actinomyces viscosus* Cultures. (Turner, Balekjian and Berzinskas) 493
Bacteriology, Comparative Ultrastructure of Certain *Actinomyces* Species, *Arachnia*, *Bacterionema* and *Rothia*. (Lai, Listgarten) 136
Bacteriology, The Effect of Intensive Antibacterial Therapy on the Sulcular Environment in Monkeys—Part 1. Changes in the -- of the Gingival Sulcus. (Kornman, Caffesse, Nasjleti) 34
Bacteriology, Interaction of Parotid Saliva Basic Glycoprotein with *Streptococcus Sanguis ATCC 10557*. (Shibata, Nagata, Nakamura, Tsunemitsu, Misaki) 499
Bacteriology, Pathogenicity Testing of *Macaca arctoides* Subgingival Plaque Following Chlorhexidine Treatment. (Mashimo, Umemoto, Slots, Genco and Ellison) 190
Beagle Dog, The Effect of Levamisole on Experimental Gingivitis in the --. (Bratthall, Magnusson, Lindhe) 331
The Behavior of Angular Bony Defects Following Reduction of Inflammation. (Kantor) 433
Biologic Preparation of Diseased Root Surfaces. (Wirthlin and Hancock) 291
The Bite Plate—An Adjunct in Periodontic and Orthodontic Therapy. (Kessler) 123
A Bitewing Radiographic Study of a Population of Diabetic and Nondiabetic Rhesus Monkeys. (Pettigrew, Beideman, Snyder and Rabinowtiz) 693
Bleeding Control, The Use of a New Topical Hemostatic Agent. (Wirthlin, Vernino and Hancock) 225
Blood Groups, Association Between ABO --, HL-A Antigens and Periodontal Diseases in Young Adults: A Follow-up Study. (Kaslick, West and Chasens) 339
Bone Loss, Postsurgical -- Following Root Planing by Ultrasonic and Hand Instruments. (Glick, Freeman) 510
Bradykinin, Experimental Gingivitis in ODU Plaque-Susceptible Rats. V. The Presence of -- in the Gingival Tissue and the -- Inactivating Factor in the Rat Dental Plaque. (Iga, Kobayashi and Mori) 348
Calculus, A Comparative, Scanning Electron Microscopic Study of Supragingival and Subgingival --. (Friskopp and Hammarstrom) 553
Calculus, Salivary Composition and -- Formation in Patients Undergoing Hemodialysis. (Epstein, Mandel, Scopp) 336
Carcinoma, Metastic Renal Cell -- in the Gingiva Mimicking a Hyperplastic Lesion—Case Report. (Buchner, Begleiter) 413
Caries, Comparative Periodontal Status of -- Resistant Versus Susceptible Adults. (Skier and Mandel) 614
Case Report, Familial Benign Chronic Neutropenia Associated with Periodontal Disease—A --. (Deasy, Vogel, Macedo-Sobrinho, Gertzman, Simon) 206
Case Report, Papillon-Lefevre Syndrome—A --. (Paghdiwala) 594
Case Report, Therapeutic Alternatives in Phenytoin-Induced Gingival Hyperplasia—A -- and Discussion. (Reynolds

and Kirkham) 516
Cell-Mediated Immune Response to Fractionated Products of *Actinomyces viscosus* Cultures. (Turner, Balekjian and Berzinskas) 493
Cementum. Biologic Preparation of Diseased Root Surfaces. (Wirthlin and Hancock) 291
Cementum, The Effect of Root Decalcification on the Formation of "Functionally" Oriented Collagen Fibers. (Morris) 171
Cementum, Inflammatory Effects of Periodontally Diseased -- Studied by Autogenous Dental Root Implants in Humans. (Lopez, Belvederessi, de la Sotta) 582
Cementum, *In vitro* Cytotoxicity of Periodontally Diseased Root Surfaces. (Adelson, Hanks, Ramfjord, Cafesse) 700
Chlorhexidine, Light Microscopic and Color Television Image Analysis of the Development of Staining on -- Treated Surfaces. (Addy, Prayitno) 39
Chlorhexidine, Pathogenicity Testing of *Macaca arctoides* Subgingival Plaque Following -- Treatment. (Mashimo, Umemoto, Slots, Genco and Ellison) 190
Citric Acid, The Clinical Effects of -- and Laterally Positioned Pedicle Grafts in the Treatment of Denuded Root Surfaces—A Pilot Study. (Shiloah) 652
Citric Acid, A Surgical Procedure for the Treatment of Localized Gingival Recession in Conjunction with Root Surface -- Conditioning. (Liu,, Solt) 505
The Clinical Effects of Citric Acid and Laterally Positioned Pedicle Grafts in the Treatment of Denuded Root Surfaces—A Pilot Study. (Shiloah) 652
Clinical Evaluation of a New Treatment for Dentinal Hypersensitivity. (Tarbet, Silverman, Stolman, Fratarcangelo) 535
Clinical Evaluation of Gingival Recession Treated by Coronally Repositioned Flap Technique. (Tenenbaum, Klewansky and Roth) 686
Clinical and Laboratory Studies on Human Sclera Allografts. (Iacono, Gomes, Sciubba, Davis, Klingsberg and Baer) 211
Clinical Assessment of Free Gingival Graft Effectiveness on the Maintenance of Periodontal Health. (Hangorsky and Bissada) 274
A Clinical Evaluation of Proplast as a Periodontal Implant Material. (Radell, Cassingham) 110
Clinical Studies, Clinical and Laboratory Studies on Human Sclera Allografts. (Iacono, Gomes, Sciubba, Davis, Klingsberg and Baer) 211
Clinically Normal, The Comparative Analysis of -- and Inflamed Human Gingiva—Study 1. Protein Separation by Anionic and Cationic Disc Gel Electrophoresis. (Dombrowski, Schacterle, Pollack) 83
Collagen Fibers, The Effect of Root Decalcification on the Formation of "Functionally" Oriented --. (Morris) 171
Collagen Resorption by Periodontal Ligament Fibroblasts at the Hard Tissue-Ligament Interfaces of the Mouse Periodontium. (Deporter and Ten Cate) 429
Collagenase in the Human Periodontal Ligament. (Christner) 455
The Comparative Analysis of Clinically Normal and Inflamed Human Gingiva—Study 1: Protein Separation by Anionic and Cationic Disc Gel Electrophoresis. (Dombrowski, Schacterle, Pollack) 83
Comparative Periodontal Status of Caries Resistant Versus Susceptible Adults. (Skier and Mandel) 614
A Comparative, Scanning Electron Microscopic Study of Supragingival and Subgingival Calculus. (Friskopp and Hammarstrom) 553
Comparative Ultrastructure of Certain *Actinomyces* Species, *Arachnia*, *Bacterionema* and *Rothia*. (Lai, Listgarten) 136
A Comparison of the Effectiveness of Variable Diameter vs. Unwaxed Floss. (Stevens) 666
Connective Tissue Response to Periodontal Dressings. (Nezwek, Caffesse, Bergenholtz, Nasjleti) 521
Conscious-Sedation, Full Dentition Periodontal Surgery Utilizing Intravenous -- —A Report of 5200 Cases. (Ceravolo, Meyers, Baraff and Bennett) 462
Controlled Clinical Evaluation of a 10% Strontium Chloride Dentifrice in Treatment of Dentin Hypersensitivity Following Periodontal Surgery. (Uchida, Wakano, Fukuyama, Miki, Iwayama, Okada) 578
Coronally Repositioned Flap, Clinical Evaluation of Gingival Recession Treated by -- Technique. (Tenenbaum, Klewansky and Roth) 686
Creeping Attachment of Free Gingival Grafts—A Five-Year Follow-up Study. (Matter) 681
Crevicular Fluid, Hydrogen Sulfide Production from Gingival --. (Solis-Gaffar, Rustogi and Gaffar) 603
Cross-sectional Study, The Need for Periodontal Treatment in Relation to Socioeconomic Status and Health Behavior. (Markkanen, Rajala, Lammi, Karinpaa, Heinonen) .408
Cytotoxicity, *In vitro* -- of Periodontally Diseased Root Surfaces. (Adelson, Hanks, Ramfjord and Cafesse) ... 700
Demonstration of Probes in Human Periodontal Pockets. (Garnick, Spray, Vernino and Klawitter) 563
Dental Flossing and its Relationship to Transient Bacteremia. (Carroll and Sebor) 691
Dental Root Abnormalities and Gingival Overgrowth in Epileptic Patients Receiving Anticonvulsant Therapy. (Girgis, Staple, Miller, Sedransk and Thompson) 474
Denuded Root Surfaces, The Clinical Effects of Citric Acid and Laterally Positioned Pedicle Grafts in the Treatment of -- —A Pilot Study. (Shiloah) 652
Developmental Abnormalities, Dental Root Abnormalities and Gingival Overgrowth in Epileptic Patients Receiving Anticonvulsant Therapy. (Girgis, Staple, Miller, Sedransk and Thompson) 474
Development, A New Look at the Rests of Malassez—A Review of Their Embryological Origin, Anatomy, and Possible Role in Periodontal Health and Disease. (Spouge) 437
Diabetes, Insulin I^{125} Distribution Within Oral Tissues. (Pourdeihimi, Keene, Gargiulo, Toto) 199
Diabetic, A Bitewing Radiographic Study of a Population of -- and Nondiabetic Rhesus monkeys. (Pettigrew, Beideman, Snyder and Rabinowitz) 693
Diagnosis and Prognosis, Furcation Involvement in Maxillary and Mandibular Molars. (Ross and Thompson) 450
Dilantin, Dental Root Abnormalities and Gingival Overgrowth in Epileptic Patients Receiving Anticonvulsant Therapy. (Girgis, Staple, Miller, Sedransk and Thompson) 474

Dilantin, Immunoglobulins in Periodontal Tissues—III. Concentrations of Immunoglobulins in -- Induced and Idiopathic Gingival Hyperplastic Tissues. (Setterstrom, Gross, D'Allessandro, Godat) 25
Dilantin, Prevention of Phenytoin Associated Gingival Enlargement—A 15-Month Longitudinal Study. (Pihlstrom, Carlson, Smith, Bastien, Keenan) 311
Dilantin, Therapeutic Alternatives in Phenytoin-Induced Gingival Hyperplasia—A Case Report and Discussion. (Reyholds, Kirkham) 516
Diseased Root Surfaces. Biologic Preparation of Diseased Root Surfaces. (Wirthlin and Hancock) 291
Distal Wedge, Modified -- Procedure. (Pollack) 513
The Effect of Different Plaque Control Modalities on the Keratinizing Potential of the Sulcular Epithelium in Monkeys. (Bye, Caffesse, Nasjleti) 632
The Effect of Levamisole on Experimental Gingivitis in the Beagle Dog. (Bratthall, Magnusson, Lindhe) 331
The Effect of Intensive Antibacterial Therapy on the Sulcular Environment in Monkeys—Part II: Inflammation, Mitotic Activity and Keratinization of the Sulcular Epithelium. (Caffesse, Kornman, Nasjleti) 155
The Effect of Particle Size on the Osteogenic Activity of Composite Grafts of Allogeneic Freeze-Dried Bone and Autogeneous Marrow. (Shapoff, Bowers, Levy, Mellonig, Yukna) 625
The Effects of Periodontal Therapy on the Mast Cell Population in Gingival Tissues. (Aeschlimann, Kaminski and Robinson) 193
The Effect of Root Decalcification on the Formation of "Functionally" Oriented Collagen Fibers. (Morris) 171
The Effect of Strontium Chloride Upon Alveolar Bone. (Ferraro and Glass) 345
Epidemiology, Evaluation of an Oral Disease Control Program Administered to a Clinic Population at a Suburban Dental School. (McGuire, Sydney, Zink, Weber and Fritz) .607
Epidemiology, Factors Related to Changes in Periodontal Treatment Need Over a 1-Year Follow-Up. (Markkanen, Rajala, Rajala, Karinpaa, Paunio) 662
Epidemiology, The Value of Repetition and Reinforcement in Improving Oral Hygiene Performance. (Emler, Windchy, Zaino, Feldman and Scheetz) 228
Epileptic Patients, Dental Root Abnormalities and Gingival Overgrowth in -- Receiving Anticonvulsant Therapy. (Girgis, Staple, Miller, Sedransk and Thompson) 474
Epithelium, The Effect of Different Plaque Control Modalities on the Keratinizing Potential of the Sulcular -- in Monkeys. (Bye, Caffesse, Nasjleti) 632
Evaluation of a Colorimetric Assay as a Measure of Gingival Inflammation. (Hellden, Robertson, Rosania and Hock) 279
Evaluation of the Immunogenicity of Freeze-Dried Skin Allografts in Humans. (Gher, Williams, Vernino, Strong and Pelleu) 571
An Evaluation of Minocycline in Patients with Periodontal Disease. (Ciancio, Mather, McMullen) 530
Evaluation of an Oral Disease Control Program Administered to a Clinic Population at a Suburban Dental School. (McGuire, Sydney, Zink, Weber, and Fritz) 607
Evidence for Hydroxyacyl-Ceramides and Hydroxyacyl-Cerebrosides in Female Rhesus Monkey Gingiva. (Wood, Rabinowitz, Bremer and Fillios) 716
Excisional New Attachment Procedure, Five Year Evaluation of the --. (Yukna, Williams) 382
Experimental Gingivitis, The Effect of Levamisole on -- in the Beagle Dog. (Bratthall, Magnusson, Lindhe) 331
Experimental Gingivitis in ODU Plaque-Susceptible Rats—IV. On the Vascular Permeability Factor of Dental Plaque. (Matsuda, Yamanaka, Shen, Mori) 400
Experimental Gingivitis in ODU Plaque-Susceptible Rats—V. The Presence of Bradykinin in the Gingival Tissue and the Bradykinin Inactivating Factor in Rat Dental Plaque. (Iga, Kobayashi and Mori) 348
Experimental Periodontitis, Conditions and Pathological Features of Rapidly Destructive -- in Dogs. (Schroeder and Lindhe) 6
Exudate, Sulcular -- Protein Levels as an Indicator of the Clinical Inflammatory Response. (Shapiro, Novaes, Fillios, Simons and Goldman) 86
Factors Related to Changes in Periodontal Treatment Need Over a 1-Year Follow-Up. (Markkanen, Rajala, Rajala, Karinpaa, Paunio) 662
Familial Benign Chronic Neutropenia Associated with Periodontal Disease—A Case Report. (Deasy, Vogel, Macedo-Sobrinho, Gertzman, Simon) 206
Fibroblast Attachments, Biologic Preparation of Diseased Root Surfaces. (Wirthlin and Hancock) 291
Five Year Evaluation of the Excisional New Attachment Procedure. (Yukna, Williams) 382
Flap Curettage, A Longitudinal Study of Periodontal Status Comparing Osseous Recontouring With -- —I. Results After 6 Months. (Smith, Ammons, Van Belle) 367
Free Gingival Graft, Clinical Assessment of -- Effectiveness on the Maintenance of Periodontal Health. (Hangorsky and Bissada) 274
Free Gingival Grafts, Creeping Attachment of -- —A Five-Year Follow-Up Study. (Matter) 681
Freeze-Dried Bone, The Effect of Particle Size on the Osteogenic Activity of Composite Grafts of Allogeneic -- and Autogeneous Marrow. (Shapoff, Bowers, Levy, Mellonig, Yukna) 625
Full Dentition Periodontal Surgery Utilizing Intravenous Conscious-Sedation—A Report of 5200 Cases. (Ceravolo, Meyers, Baraff and Bennett) 462
Furcation Involvement in Maxillary and Mandibular Molars. (Ross and Thompson) 450
Furcations, A New Approach to Vital Root Resection. (Haskell, Stanley and Goldman) 217
Gammaglobulins, Neutrophils and IgG at the Host-Plaque Interface on Children's Teeth. (Newman) 642
Gingiva, Evidence for Hydroxyacyl-Ceramides and Hydroxyacyl-Cerebrosides in Female Rhesus Monkey Gingiva. (Wood, Rabinowitz, Bremer and Fillios) 716
Gingiva, Insulin I^{125} Distribution within Oral Tissues. (Pourdeihimi, Keene, Gargiulo, Toto) 199
Gingiva, Reactive Lesions of the -- —A Clinicopathological Study of 741 Cases. (Kfir, Buchner, Hansen) 655
Gingival Enlargement, Prevention of Phenytoin Associated -- —A 15-Month Longitudinal Study. (Pihlstrom, Carlson, Smith, Bastien, Keenan) 311
Gingival Fluid Fucose to Protein Ratios as Indicators of the Severity of Periodontal Disease. (Novaes, Shapiro, Fillios, Wood) 88
Gingival Fluid, Evaluation of a Colorimetric Assay as a Mea-

sure of Gingival Inflammation. (Hellden, Robertson, Rosania and Hock) 279
Gingival Fluid, -- Fucose to Protein Ratios as Indicators of the Severity of Periodontal Disease. (Novaes, Shapiro, Fillios, Wood) 88
Gingival Hyperplasia, Therapeutic Alternatives in Phenytoin-Induced -- —A Case Report and Discussion. (Reynolds, Kirkham) 516
Gingival Hyperplastic Tissues, Immunoglobulins in Periodontal Tissues—III. Concentrations of Immunoglobulins in Dilantin-Induced and Idiopathic --. (Setterstrom, Gross, D'Allessandro, Godat) 25
Gingival Inflammation, Evaluation of a Colorimetric Assay as a Measure of --. (Hellden, Robertson, Rosania and Hock) 279
Gingival Recession in the Lower Incisor Region of 15-Year-Old Subjects. (Stoner, Mazdyasna) 74
Gingival Recession, Clinical Evaluation of -- Treated by Coronally Repositioned Flap Technique. (Tenenbaum, Klewansky and Roth) 686
Gingival Recession, A Surgical Procedure for the Treatment of Localized -- in Conjunction With Root Surface Citric Acid Conditioning. (Liu, Solt) 505
Gingival Wounds, The Healing of -- in Miniature Swine (Wirthlin, Yeager, Hancock, Gaugler) 318
Gingivitis, Experimental -- in ODU Plaque-Susceptible Rats—IV. On the Vascular Permeability Factor of Dental Plaque. (Matsuda, Yamanaka, Shen, Mori) 400
Gingivitis, Experimental Gingivitis in ODU Plaque-Susceptible Rats—V. The Presence of Bradykinin in the Gingival Tissue and the Bradykinin Inactivating Factor in the Rat Dental Plaque. (Iga, Kobayashi and Mori) 348
Gingivitis, Salivary Antibodies in Acute --. (Harding, Berry, Marsh, Jolliff) 63
Gingivitis, Some Microbiological and Histopathological Features of Periodontal Disease in Man. (Lindhe, Liljenberg and Listgarten) 264
Glycoprotein, Interaction of Parotid Saliva Basic -- with *Streptococcus Sanguis ATCC 10557*. (Shibata, Nagata, Nakamura, Tsunemitsu, Misaki) 499
Grafts, Clinical and Laboratory Studies on Human Sclera Allografts. (Iacono, Gomes, Sciubba, Davis, Klingsberg and Baer) 211
Grafts, The Effect of Particle Size on the Osteogenic Activity of Composite -- of Allogeneic Freeze-Dried Bone and Autogenous Marrow. (Shapoff, Bowers, Levy, Mellonig, Yukna) 625
Granulomatous Gingivitis in Anderson-Fabry Disease. (Young, Pihlstrom, Sauk) 95
Hand Instruments, Postsurgical Bone Loss Following Root Planing by Ultrasonic and --. (Glick, Freeman) 510
The Healing of Gingival Wounds in Miniature Swine. (Wirthlin, Yeager, Hancock, Gaugler) 318
Hemodialysis, Salivary Composition and Calculus Formation in Patients Undergoing --. (Epstein, Mandel, Scopp) 336
Hemostatic Agent, The Use of a New Topical --. (Wirthlin, Vernino and Hancock) 225
Hepatitis, A Review of the Disease and its Significance to Dentistry. (Withers) 162
Histologic Study of the Effects of Occlusal Hypofunction Following Antagonist Tooth Extraction in the Rat. (Levy, Mailland) 393
Histology, Ultrastructure of Regenerating Junctional Epithelium in the Monkey. (Braga, Squier) 386
Histopathological, Some Microbiological and -- Features of Periodontal Disease in Man. (Lindhe, Liljenberg and Listgarten) 264
Homeostasis, A New Hypothesis of Periodontal --. (Morris) 49
Hormones, Evidence for Hydroxyacyl-Ceramides and Hydroxyacyl-Cerebrosides in Female Rhesus Monkey Gingiva. (Wood, Rabinowitz, Bremer and Fillios) 716
Humoral, Osteopoietin— -- Induction Factor in Osteogenesis. (Amler and Gold) 185
Hydrogen Sulfide Production from Gingival Crevicular Fluid. (Solis-Gaffar, Rustogi and Gaffar) 603
Hypersensitivity, Clinical Evaluation of a New Treatment for Dentinal --. (Tarbet, Silverman, Stolman, Fratarcangelo) 535
Hypersensitivity, Controlled Clinical Evaluation of a 10% Strontium Chloride Dentifrice in Treatment of Dentin -- Following Periodontal Surgery. (Uchida, Wakano, Fukuyama, Miki, Iwayama, Okada) 578
Hypothesis, A New -- of Periodontal Homeostasis. (Morris) 49
Iatrogenic, Alveolar Bone Destruction due to Overhanging Amalgam in Periodontal Disease. (Jeffcoat and Howell) 599
Iatrogenic Dentistry, Influence of Interdental Contacts on Periodontal Status. (Hancock, Mayo, Schwab and Wirthlin) 445
Immune System, Periodontal Status of Patients With Abnormalities of the -- —Observations Over a 2-Year Period. (Robertson, Mackler, Wright, Levy) 70
Immunogenicity, Studies on the -- of Allogeneic Sclera in a Rabbit Model System. (Lang, Engel, Chandler, and Ammons) 102
Immunoglobulins in Periodontal Tissues—II. Concentrations of Immunoglobulins in Granulation Tissue from Pockets of Periodontosis and Periodontitis Patients. (Van Swol, Gross, Setterstrom, D'Allessandro) 20
Immunoglobulins in Periodontal Tissues—III. Concentrations of Immunoglobulins in Dilantin-Induced and Idiopathic Gingival Hyperplastic Tissues. (Setterstrom, Gross, D'Allessandro, Godat) 25
Immunoglobulins, Serum -- in Periodontosis Patients. (Kaslick, West, Singh and Chasens) 343
Immunologic, Humoral -- Responses in Idiopathic Juvenile Periodontitis (Periodontosis). (Nisengard, Newman, Myers, Horikoshi) 30
Immunology, Evaluation of the Immunogenicity of Freeze-Dried Skin Allografts in Humans. (Gher, Williams, Vernino, Strong and Pelleu) 571
Immune Response, Cell-Mediated -- to Fractionated Products of *Actinomyces viscosus* Cultures. (Turner, Balekjian and Berzinskas) 493
Immunology, Immunopathology of Periodontal Disease—I. Immunologic Profiles in Periodontitis and Juvenile Periodontitis. (Johnson, Matthews, Stone, Hurt and Newman) 705
Immunopathology of Periodontal Disease—I. Immunologic Profiles in Periodontitis and Juvenile Periodontitis. (John-

son, Matthews, Stone, Hurt and Newman) 705
Immunosuppressive Drugs, The Effect of Levamisole on Experimental Gingivitis in the Beagle Dog. (Bratthall, Magnusson, Lindhe) 331
Implant, A Clinical Evaluation of Proplast as a Periodontal -- Material. (Radell, Cassingham) 110
Implants, Inflammatory Effects of Periodontally Diseased Cementum Studied by Autogenous Dental Root -- in Humans. (Lopez, Belvederessi, de la Sotta) 582
Incisor, Gingival Recession in the Lower -- Region of 15-Year-Old Subjects. (Stoner, Mazdyasna) 74
Inflamed Human Gingiva, The Comparative Analysis of Clinically Normal and -- —Study I: Protein Separation by Anionic and Cationic Disc Gel Electrophoresis. (Dombrowski, Schacterle, Pollack) 83
Inflammation, The Behavior of Angular Bony Defects Following Reduction of --. (Kantor) 433
Inflammation, The Effect of Intensive Antibacterial Therapy on the Sulcular Environment in Monkeys—Part II: --, Mitotic Activity and Keratinization of the Sulcular Epithelium. (Caffesse, Kornman, Nasjleti) 155
Inflammatory Effects of Periodontal Diseased Cementum Studied by Autogenous Dental Root Implants in Humans. (Lopez, Belvederessi, de la Sotta) 582
Inflammatory, Sulcular Exudate Protein Levels as an Indicator of the Clinical -- Response. (Shapiro, Novaes, Fillios, Simons and Goldman) 86
Influence of Interdental Contacts on Periodontal Status. (Hancock, Mayo, Schwab and Wirthlin) 445
Insulin I^{125} Distribution Within Oral Tissues. (Pourdeihimi, Keene, Gargiulo, Toto) 199
Interaction of Parotid Saliva Basic Glycoprotein With *Streptococcus Sanguis ATCC 10557.* (Shibata, Nagata, Nakamura, Tsunemitsu, Misaki) 499
Interdental Contacts, Influence of -- on Periodontal Status. (Hancock, Mayo, Schwab and Wirthlin) 445
In Vitro Cytotoxicity of Periodontally Diseased Root Surfaces. (Adelson, Hanks, Ramfjord and Cafesse) 700
Junctional Epithelium, Ultrastructure of Regenerating -- in the Monkey. (Braga, Squier) 386
Juvenile Periodontitis, Humoral Immunologic Responses in Idiopathic -- (Periodontosis). (Nisengard, Newman, Myers, Horikoshi) 30
Juvenile Periodontitis, Immunopathology of Periodontal Disease—I. Immunologic profiles in periodontitis and --. (Johnson, Matthews, Stone, Hurt and Newman) .. 705
Keratinization, The Effect of Different Plaque Control Modalities on the Keratinizing Potential of the Sulcular Epithelium in Monkeys. (Bye, Caffesse, Nasjleti) 632
Keratinization, The Effect of Intensive Antibacterial Therapy on the Sulcular Environment in Monkeys—Part II: Inflammation, Mitotic Activity and -- of the Sulcular Epithelium. (Caffesse, Kornman, Nasjleti) 155
Laboratory Studies, Clinical and -- on Human Sclera. Allografts. (Iacono, Gomes, Sciubba, Davis, Klingsberg and Baer) 211
Laterally Positioned Pedicle Grafts, The Clinical Effects of Citric Acid and -- in the Treatment of Denuded Root Surfaces—A Pilot Study. (Shiloah) 652
Levamisole, The Effect of -- on Experimental Gingivitis in the Beagle Dog. (Bratthall, Magnusson, Lindhe) 331
Light Microscopic and Color Television Image Analysis of the Development of Staining on Chlorhexidine-Treated Surfaces. (Addy, Prayitno) 39
Longitudinal Study, A -- of Periodontal Status Comparing Osseous Recontouring with Flap Curettage—I. Results After 6 Months. (Smith, Ammons, Van Belle) 367
Longitudinal Study, Five Year Evaluation of the Excisional New Attachment Procedure. (Yukna, Williams) 382
Longitudinal Studies, Results of Periodontal Therapy Related to Tooth Type. (Ramfjord, Knowles, Morrison, Burgett and Nissle) 270
Longitudinal Study, Tetracycline: A Clinical Study to Determine its Effectiveness as Long-Term Adjuvant. (Scopp, Froum, Sullivan, Kazandjian, Wank, Fine) 328
Macaca arctoides, Pathogenicity Testing of -- Subgingival Plaque Following Chlorhexidine Treatment. (Mashimo, Umemoto, Slots, Genco and Ellison) 190
Mast Cell, The Effects of Periodontal Therapy on the -- Population in Gingival Tissues. (Aeschlimann, Kaminski and Robinson) 193
Mechanical Movement, The Removal of Carbon Particles From the Buccal Surface of Upper Incisors and Canines (by Saliva and --). (Dunne and Alexander) 713
Metastic Renal Cell Carcinoma in the Gingiva Mimicking a Hyperplastic Lesion—Case Report. (Buchner, Begleiter) 413
Microbiological, Some -- and Histopathological Features of Periodontal Disease in Man. (Lindhe, Liljenberg and Listgarten) 264
Modified Distal Wedge Procedure. (Pollack) 513
Mucogingival Surgery, Clinical Evaluation of Gingival Recession Treated by Coronally Repositioned Flap Technique. (Tenenbaum, Klewansky and Roth) 686
Mucogingival Surgery, Creeping Attachment of Free Gingival Grafts—A Five-year Follow-up Study. (Matter) ... 681
Mucogingival Therapy, Treatment of Localized Gingival Recessions—Part IV. Results after Three Years. (Caffesse, Guinard) 167
Neutropenia, Familial Benign Chronic -- Associated With Periodontal Disease—A Case Report. (Deasy, Vogel, Macedo-Sobrinho, Gertzman, Simon) 206
Neutrophils and IgG at the Host-Plaque Interface on Children's Teeth. (Newman) 642
A New Approach to Vital Root Resection. (Haskell, Stanley, Goldman) 217
New Attachment, Biologic Preparation of Diseased Root Surfaces. (Wirthlin and Hancock) 291
A New Look at the Rests of Malassez—A Review of Their Embryological Origin, Anatomy, and Possible Role in Periodontal Health and Disease. (Spouge) 437
A New Method for Stabilization of Periodontally Involved Teeth. (Rosenberg) 469
Night Guard, The Bite Plate—An Adjunct in Periodontic and Orthodontic Therapy. (Kessler) 123
Normal Gingivae, Some Microbiological and Histopathological Features of Periodontal Disease in Man. (Lindhe, Liljenberg and Listgarten) 264
Normal Gingivitis, Association Between ABO Blood Groups, HL-A Antigens and Periodontal Diseases in Young Adults: A Follow-up Study. (Kaslick, West and Chasens) 339
Occlusal Guard, The Bite Plate—An Adjunct in Periodontic

and Orthodontic Therapy. (Kessler) 123
Occlusal Hypofunction, Histologic Study of the Effects of -- Following Antagonist Tooth Extraction in the Rat. (Levy, Mailland) 393
Occlusal Trauma, Relationship of Occlusion and Periodontal Disease—Part XI. Relation of Axial Inclination (Mesial-Distal) and Tooth Drift to Periodontal Status. (Geiger and Wasserman) 283
Occlusion, Relationship of -- and Periodontal Disease—Part XI. Relation of Axial Inclination (Mesial-Distal) and Tooth Drift to Periodontal Status. (Geiger and Wasserman) 283
Oral Hygiene, Prevention of Phenytoin Associated Gingival Enlargement—A 15-Month Longitudinal Study. (Pihlstrom, Carlson, Smith, Bastien, Keenan) 311
Oral Hygiene, Tetracycline: A Clinical Study to Determine its Effectiveness as Long-Term Adjuvant. (Scopp, Froum, Sullivan, Kazandjian, Wank, Fine) 328
Oral Hygiene, The Value of Repetition and Reinforcement in Improving -- Performance. (Emler, Windchy, Zaino, Feldman and Scheetz) 228
Oral Tissues, Insulin I^{125} Distribution Within --. (Pourdeihimi, Keene, Gargiulo, Toto) 199
Osseous Defects, The Behavior of Angular Bony Defects Following Reduction of Inflammation. (Kantor) 433
Osseous Recontouring, A Longitudinal Study of Periodontal Status Comparing -- With Flap Curettage—I. Results After 6 Months. (Smith, Ammons, Van Belle) 367
Osseous Surgery, Alveolar Bone Remodeling Following -- —A Clinical Study. (Moghaddas, Stahl) 376
Osteogenesis, The Effect of Particle Size on the Osteogenic Activity of Composite Grafts of Allogeneic Freeze-Dried Bone and Autogenous Marrow. (Shapoff, Bowers, Levy, Mellonig, Yukna) 625
Osteogenesis, The Effect of Strongium Chloride Upon Alveolar Bone. (Ferraro and Glass) 345
Osteogenesis, Osteopoietin—Humoral Induction Factor in --. (Amler and Gold) 185
Osteopoietin—Humoral Induction Factor in Osteogenesis. (Amler and Gold) 185
Papillon-Lefevre Syndrome—A Case Report. (Paghdiwala) 594
Pathogenicity Testing of *Macaca arctoides* Subgingival Plaque Following Chlorhexidine Treatment. (Mashimo, Umemoto, Slots, Genco and Ellison) 190
Pathology, Metastic Renal Cell Carcinoma in the Gingiva Mimicking a Hyperplastic Lesion—Case Report. (Buchner, Begleiter) 413
Pathology, Reactive Lesions of the Gingiva—A Clinicopathological Study of 741 Cases. (Kfir, Buchner, Hansen) 655
Penicillin, The Use of Prophylactic -- in Periodontal Surgery. (Pendrill, Reddy) 44
Periodontal Disease and Oral Hygiene—Described by Antoni Van Leeuwenhoek. (Tal) 668
Periodontal Diseases, Association Between ABO Blood Groups, HL-A Antigens and -- in Young Adults: A Follow-up Study. (Kaslick, West and Chasens) 339
Periodontal Disease, An Evaluation of Minocycline in Patients With --. (Ciancio, Mather, McMullen) 530
Periodontal Disease, Gingival Fluid Fucose to Protein Ratios as Indicators of the Severity of --. (Novaes, Shapiro, Fillios, Wood) 88
Periodontal Disease, Relationship of Occlusion and -- —Part XI. Relation of Axial Inclination (Mesial-Distal) and Tooth Drift to Periodontal Status. (Geiger and Wasserman) 283
Periodontal Dressings, Connective Tissue Response to --. (Nezwek, Caffesse, Bergenholtz, Nasjleti) 521
Periodontal Health, Clinical Assessment of Free Gingival Graft Effectiveness on the Maintenance of --. (Hangorsky and Bissada) 274
Periodontal Ligament, Collagen Resorption by -- Fibroblasts at the Hard Tissue-Ligament Interfaces of the Mouse Periodontium. (Deporter and Ten Cate) 429
Periodontal Ligament, Collagenase in the Human --. (Christner) 455
Periodontal Probe, A -- That Measures to One Tenth Millimeter. (Detsch) 298
Periodontal/Restorative Interrelationships, Influence of Interdental Contacts on Periodontal Status. (Hancock, Mayo, Schwab and Wirthlin) 445
Periodontal Splinting With Wire and Composite Resin—A Revised Approach. (Greenfield and Nathanson) 465
Periodontal Status, -- of Patients With Abnormalities of the Immune System—Observations Over a 2-year Period. (Robertson, Mackler, Wright, Levy) 70
Periodontal Status of Patients with Abnormalities of the Immune System—Observations Over a 2-year Period. (Robertson, Mackler, Wright, Levy) 70
Periodontal Surgery, Full Dentition -- Utilizing Intravenous Conscious-Sedation—A Report of 5200 Cases. (Ceravolo, Meyers, Baraff and Bennett) 462
Periodontal Surgery, A Longitudinal Study of Periodontal Status Comparing Osseous Recontouring with Flap Curettage—I. Results After 6 Months. (Smith, Ammons, Van Belle) 367
Periodontal Surgery, Alveolar Bone Remodeling Following Osseous Surgery—A Clinical Study. (Moghaddas, Stahl) 376
Periodontal Surgery, Five Year Evaluation of the Excisional New Attachment Procedure. (Yukna, Williams) 382
Periodontal Surgery, The Use of Prophylactic Penicillin in --. (Pendrill, Reddy) 44
Periodontal Therapy, The Effects of -- on the Mast Cell Population in Gingival Tissues. (Aeschlimann, Kaminski and Robinson) 193
Periodontal Therapy, Results of -- Related to Tooth Type. (Ramfjord, Knowles, Morrison, Burgett and Nissle) ..... 270.
Periodontal Treatment, Factors Related to Changes in -- Need Over a 1-Year Follow-Up. (Markkanen, Rajala. Rajala, Karinpaa, Paunio) 662
Periodontal Treatment, The Need for -- in Relation to Socioeconomic Status and Health Behavior. (Markkanen, Rajala, Lammi, Karinpaa, Heinonen) 408
Periodontitis, Association Between ABO Blood Groups, HL-A Antigens and Periodontal Diseases in Young Adults: A Follow-up Study. (Kaslick, West and Chasens) 339
Periodontitis, The Behavior of Angular Bony Defects Following Reduction of Inflammation. (Kantor) 433
Periodontitis, Demonstration of Probes in Human Periodon-

tal Pockets. (Garnick, Spray, Vernino and Klawitter) 563
Periodontitis, Immunoglobulins in Periodontal Tissues—II. Concentrations of Immunoglobulins in Granulation Tissue From Pockets of Periodontosis and Periodontitis Patients. (Van Swol, Gross, Setterstrom, D'Allessandro) 20
Periodontitis, Some Microbiological and Histopathological Features of Periodontal Disease in Man. (Lindhe, Liljenberg and Listgarten) 264
Periodontium, Collagen Resorption by Periodontal Ligament Fibroblasts at the Hard Tissue-Ligment Interfaces of the Mouse --. (Deporter and Ten Cate) 429
Periodontosis, Association Between ABO Blood Groups, HL-A Antigens and Periodontal Diseases in Young Adults: A Follow-up Study. (Kaslick, West and Chasens) 339
Periodontosis, Immunoglobulins in Periodontal Tissues—II. Concentrations of Immunoglobulins in Granulation Tissue from Pockets of Periodontosis and Periodontitis Patients. (Van Swol, Gross, Setterstrom, D'Allessandro) 20
Periodontosis, Humoral Immunologic Responses in Idiopathic Juvenile Periodontitis (--). (Nisengard, Newman, Myers, Horikoshi) 30
Periodontosis, Serum Immunoglobulins in -- Patients. (Kaslick, West, Singh and Chasens) 343
Permeability Factor, Experimental Gingivitis in ODU Plaque-Susceptible Rats—IV. On the Vascular -- of Dental Plaque. (Matsuda, Yamanaka, Shen, Mori) 400
Phenytoin, Prevention of -- Associated Gingival Enlargement—A 15-Month Longitudinal Study. (Pihlstrom, Carlson, Smith, Bastien, Keenan) 311
Plaque, Experimental Gingivitis in ODU Plaque-Susceptible Rats—IV. On the Vascular Permeability Factor of Dental --. (Matsuda, Yamanaka, Shen, Mori) 400
Plaque, Experimental Gingivitis in ODU Plaque-Susceptible Rats—V. The Presence of Bradykinin in the Gingival Tissue and the Bradykinin Inactivating Factor in the Rat Dental --. (Iga, Kobayashi and Mori) 348
Plaque, Neutrophils and IgG at the Host -- Interface on Children's Teeth. (Newman) 642
Plaque Control, A Comparison of the Effectiveness of Variable Diameter vs. Unwaxed Floss. (Stevens) 666
Plaque Control, Dental Flossing and its Relationship to Transient Bacteremia. (Carroll and Sebor) 691
Plaque Control, The Effect of Different -- Modalities on the Keratinizing Potential of the Sulcular Epithelium in Monkeys. (Bye, Caffesse, Nasjleti) 632
Plaque Control, Periodontal Disease and Oral Hygiene—Described by Antoni Van Leeuwenhoek. (Tal) 668
Plaque Control, Prevention of Phenytoin Associated Gingival Enlargement—A 15-Month Longitudinal Study. (Pihlstrom, Carlson, Smith, Bastien, Keenan) 311
Plaque Control, Tetracycline: A Clinical Study to Determine its Effectiveness as Long-Term Adjuvant. (Scopp, Froum, Sullivan, Kazandjian, Wank, Fine) 328
Plaque Control, The Value of Repetition and Reinforcement in Improving Oral Hygiene Performance. (Emler, Windchy, Zaino, Feldman and Scheetz) 228
Plaque-Susceptible Rats, Experimental Gingivitis in ODU --—V. The Presence of Bradykinin in the Gingival Tissue and the Bradykinin Inactivating Factor in the Rat Dental Plaque. (Iga, Kobayashi and Mori) 348
Postsurgical Bone Loss Following Root Planing by Ultrasonic and Hand Instruments. (Glick, Freeman) 510
Practice Management, Practice Styles and Opportunities in Periodontics. (Born and Barrington) 249
Practice Styles and Opportunities in Periodontics. (Born and Barrington) 249
Prevention of Phenytoin Associated Gingival Enlargement—A 15-Month Longitudinal Study. (Pihlstrom, Carlson, Smith, Bastien, Keenan) 311
Probes, Demonstration of -- in Human Periodontal Pockets. (Garnick, Spray, Vernino and Klawitter) 563
Proplast, A Clinical Evaluation of -- as a Periodontal Implant Material. (Radell, Cassingham) 110
Protein, Gingival Fluid Fucose to -- Ratios as Indicators of the Severity of Periodontal Disease. (Novaes, Shapiro, Fillios, Wood) 88
Protein, Sulcular Exudate -- Levels as an Indicator of the Clinical Inflammatory Response. (Shapiro, Novaes, Fillios, Simons and Goldman) 86
Protein Separation, The Comparative Analysis of Clinically Normal and Inflamed Human Gingiva—Study 1: -- by Anionic and Cationic Disc Gel Electrophoresis. (Dombrowski, Schacterle, Pollack) 83
Radiographic Study, A Bitewing -- of a Population of Diabetic and Nondiabetic Rhesus Monkeys. (Pettigrew, Beideman, Snyder and Rabinowitz) 693
Radiographs, Use of Dental Xeroradiogrpahs in Periodontics—Comparison with Conventional Radiographs. (Gratt, Sickles, Armitage) 1
Reactive Lesions of the Gingiva—A Clinicopathological Study of 741 Cases. (Kfir, Buchner, Hansen) 655
Recession, Gingival -- in the Lower Incisor Region of 15-Year-Old Subjects. (Stoner, Mazdyasna) 74
Recessions, Treatment of Localized Gingival -- —Part IV. Results After Three Years. (Caffesse, Guinard) 167
Relationship of Occlusion and Periodontal Disease—Part XI. Relation of Axial Inclination (Mesial-Distal) and Tooth Drift to Periodontal Status. (Geiger and Wasserman) 283
The Removal of Carbon Particles From the Buccal Surface of Upper Incisors and Canines (by Saliva and Mechanical Movement). (Dunne and Alexander) 713
Renal Disease, Salivary Composition and Calculus Formation in Patients Undergoing Hemodialysis. (Epstein, Mandel, Scopp) 336
Rests of Malassez, A New Look at the -- —A Review of Their Embryological Origin, Anatomy, and Possible Role in Periodontal Health and Disease. (Spouge) 437
Results of Periodontal Therapy Related to Tooth Type. (Ramfjord, Knowles, Morrison, Burgett and Nissle) 270
Review, Hepatitis—A -- of the Disease and its Significance to Dentistry. (Withers) 162
Root, -- Surface—Soft Tissue Interface—Part I. A Review. (Daryabegi, Pameijer, Ruben, Ricchetti) 77
Root Amputation, A New Approach to Vital Root Resection. (Haskell, Stanley and Goldman) 217
Root Decalcification, The Effect of -- on the Formation of "Functionally" Oriented Collagen Fibers. (Morris) 171

Root Planing, Postsurgical Bone Loss Following -- by Ultrasonic and Hand Instruments. (Glick, Freeman) ... 510
Root Surface, Soft Tissue Interface—Part I. A Review. (Daryabegi, Pameijer, Ruben, Ricchetti) ... 77
Salivary Antibodies in Acute Gingivitis. (Harding, Berry, Marsh, Jolliff) ... 63
Salivary Composition and Calculus Formation in Patients Undergoing Hemodialysis. (Epstein, Mandel, Scopp) ... 336
Scaling, Biologic Preparation of Diseased Root Surfaces. (Wirthlin and Hancock) ... 291
Saliva, The Removal of Carbon Particles From the Buccal Surface of Upper Incisors and Canines (by -- and Mechanical Movement). (Dunne and Alexander) ... 713
Saliva, Salivary Composition and Calculus Formation in Patients Undergoing Hemodialysis. (Epstein, Mandel, Scopp) ... 336
Saliva, Interaction of Parotid -- Basic Glycoprotein With *Streptococcus Sanguis ATCC 10557.* (Shibata, Nagata, Nakamura, Tsunemitsu, Misaki) ... 499
Saliva, Prevention of Phenytoin Associated Gingival Enlargement—A 15-Month Longitudinal Study. (Pihlstrom, Carlson, Smith, Bastien, Keenan) ... 311
Saliva, Evaluation of a Colorimetric Assay as a Measure of Gingival Inflammation. (Hellden, Robertson, Rosania and Hock) ... 279
Salivary, -- Antibodies in Acute Gingivitis. (Harding, Berry, Marsh, Jolliff) ... 63
Scanning Electron Microscope, A Comparative, -- Study of Supragingival and Subgingival Calculus. (Friskopp and Hammarstrom) ... 553
Sclera Allografts, Clinical and Laboratory Studies on Human --. (Iacono, Gomes, Sciubba, Davis, Klingsberg and Baer) ... 211
Sclera, Studies on the Immunogenicity of Allogeneic -- in a Rabbit Model System. (Lang, Engel, Chandler and Ammons) ... 102
Serum Immunoglobulins in Periodontosis Patients. (Kaslick, West, Singh and Chasens) ... 343
Soft Tissue, Root Surface— -- Interface—Part I. A Review. (Daryabegi, Pameijer, Ruben, Ricchetti) ... 77
Some Microbiological and Histopathological Features of Periodontal Disease in Man. (Lindhe, Liljenberg and Listgarten) ... 264
Splinting, A New Method for Stabilization of Periodontally Involved Teeth. (Rosenberg) ... 469
Splinting, Periodontal -- with Wire and Composite Resin—A Revised Approach. (Greenfield and Nathanson) ... 465
Staining, Light Microscopic and Color Television Image Analysis of the Development of -- on Chlorhexidine-Treated Surfaces. (Addy, Prayitno) ... 39
Strontium Chloride, Controlled Clinical Evaluation of a 10% -- Dentifrice in Treatment of Dentin Hypersensitivity Following Periodontal Surgery. (Uchida, Wakano, Fukuyama, Miki, Iwayama, Okada) ... 578
Strontium Chloride, The Effect of -- Upon Alveolar Bone. (Ferraro and Glass) ... 345
Studies on the Immunogenicity of Allogenic Sclera in a Rabbit Model System. (Lang, Engel, Chandler and Ammons) ... 102
Subgingival Plaque, Pathogenicity Testing of *Macaca arctoides* -- Following Chlorhexidine Treatment. (Mashimo, Umemoto, Slots, Genco and Ellison) ... 190
Sulcular Environment, The Effect of Intensive Antibacterial Therapy on the -- in Monkeys—Part I. Changes in the Bacteriology of the Gingival Sulcus. (Kornman, Caffesse, Nasjleti) ... 34
Sulcular Epithelium, The Effect of Intensive Antibacterial Therapy on the Sulcular Environment in Monkeys—Part II: Inflammation, Mitotic Activity and Keratinization of the --. (Caffesse, Kornman, Nasjleti) ... 155
Sulcular Exudate Protein Levels as an Indicator of the Clinical Inflammatory Response. (Shapiro, Novaes, Fillios, Simons and Goldman) ... 86
A Surgical Procedure for the Treatment of Localized Gingival Recession in Conjunction with Root Surface Citric Acid Conditioning. (Liu, Solt) ... 505
Surgical Procedure, Modified Distal Wedge Procedure. (Pollack) ... 513
Systemic, Hepatitis—A Review of the Disease and its Significance to Dentistry. (Withers) ... 162
Systemic Disorders, Familial Benign Chronic Neutropenia Associated with Periodontal Disease—A Case Report. (Deasy, Vogel, Macedo-Sobrinho, Gertzman, Simon) ... 206
Systemic Disorders, Insulin I^{125} Distribution Within Oral Tissues. (Pourdeihimi, Keene, Gargiulo, Toto) ... 199
Tetracycline: A Clinical Study to Determine its Effectiveness as Long-Term Adjuvant. (Scopp, Froum, Sullivan, Kazandjian, Wank, Fine) ... 328
Therapeutic Alternatives in Phenytoin-Induced Gingival Hyperplasia—A Case Report and Discussion. (Reynolds, Kirkham) ... 516
Treatment of Localized Gingival Recessions—Part IV. Results After Three Years. (Caffesse, Guinard) ... 167
Ultrastructure, Comparative -- of Certain *Actinomyces* Species. *Arachnia, Bacterionema* and *Rothia.* (Lai, Listgarten) ... 136
Ultrasonic, Postsurgical Bone Loss Following Root Planing by -- and Hand Instruments. (Glick, Freeman) ... 510
Ultrastructure of Regenerating Junctional Epithelium in the Monkey. (Braga, Squier) ... 386
The Use of a New Topical Hemostatic Agent. (Wirthlin, Vernino and Hancock) ... 225
The Value of Repetition and Reinforcement in Improving Oral Hygiene Performance. (Emler, Windchy, Zaino, Feldman and Scheetz) ... 228
Vital Root Resection, A New Approach to --. (Haskell, Stanley and Goldman) ... 217
Wound Healing, The Behavior of Angular Bony Defects Following Reduction of Inflammation. (Kantor) ... 433
Wound Healing, Histologic Study of the Effects of Occlusal Hypofunction Following Antagonist Tooth Extraction in the Rat. (Levy, Mailland) ... 393
Wound Healing, Ultrastructure of Regenerating Junctional Epithelium in the Monkey. (Braga, Squier) ... 386
